

Environmental Policy

ENVIRONMENT POLICY 2016

Craig Stephen Photographers is an environmentally conscious photographer based in Perth, Scotland, and working throughout Scotland, the UK and worldwide. I am committed to continual improvement and promoting best practice and recognise that the adoption of environmentally preferable business practices is an essential component for ensuring sustainable business growth. Working within my company and with clients I am committed to minimize the impact my business operations have on the environment.

My key objectives are to:

- Minimise waste and prevent pollution.
- Ensure that my clients are aware of my Environmental Policy and encourage them to adopt the same principles.
- Individually and in partnership with others, promote environmental information.
- Use sustainable resources wherever possible.
- Comply with all relevant environmental legislation, regulations and applicable codes of practice.
- Ensure that I continually review my environmental performance and improve it on an ongoing basis.

KEY STEPS FOR ACHIEVMENT – 2017

- Achieve a measurable reduction in office waste, recycle where possible;
- Purchase environmentally friendly and recycled products and local or fairtrade produce;
- Travel to location in as environmentally friendly a way as possible, using public transport, cycling or walking where possible and offsetting air travel;
- Act in the way with the least environmental impact when on location;
- Inform clients of my environmental policy and objectives;
- Review my policy and objectives regularly.
- Use accounting figures in the areas of energy, transport, stationery, printing, in order to set reduction targets to lessen the impact of their use.
- Provide photos by digital download rather than prints, unless specifically required for display.
